1. Selecting the right calendar edition

Choose the correct edition of the calendar by clicking on the drop-down box at the right-hand side of the screen (Fig. A). Current undergraduate and graduate studies calendars appear in this list, as will archived calendars from 2013-14 onward. For archived undergraduate calendars from 1978-2014, please visit <http://registrar.mcmaster.ca/undergraduate-calendar-archive>. The main chapters of the calendar can be accessed from any page via the main navigation on the left-hand side of the screen (e.g. policies, courses, financial aid, etc.).

Academic Calendars Welcome Page

This is McMaster University's official repository for degree, program, and course requirements.

Please **select a calendar edition from the drop box at the top right-hand side of your screen**, whether it is an Undergraduate Calendar (maintained by the Office of the Registrar), or a Graduate Studies Calendar (maintained by the School of Graduate Studies).

IMPORTANT: A calendar must be selected from the drop box at the top right-hand side of your screen prior to searching the calendar system; otherwise, no results will be found.

2. Finding Program Requirements

There are several ways to determine program requirements in the McMaster calendar. You may search for a program using the *Advanced Search* field (Fig. B), by clicking on *Programs available by Degree* in the main (left) navigation (Fig. C), or by navigating first to a Faculty or department's section that offers that particular program (Fig. D).

The screenshot displays the McMaster University calendar website. On the left, the navigation menu includes 'Advanced Search'. The main content area shows the 'Calendar Search' interface with the keyword 'English' entered. The 'Search Locations' section has 'Courses' and 'Programs' checked. The search results are divided into two sections: 'Courses - Keyword/Phrase Matches' and 'Programs - Keyword/Phrase Matches'. The course results list various English courses such as ENGLISH 1A03 and ENGLISH 2RW6. The program results list 'Combined Honours in English and Another Subject (B.A.)', 'English (B.A.)', and 'Honours English (B.A.)'. Arrows point from the 'Advanced Search' link in the navigation to the search input field, and from the 'Programs' checkbox to the search results.

Fig. B (above): Click on *Advanced Search* at the left navigation, then enter the name of the program you are looking for in the keyword field. Be sure to check off 'Programs' in the search locations. In this example, all of the programs that contain 'English' in the program name will be displayed in the search results. This search also shows course results for the term 'English' as well.

2. Finding Courses (Descriptions/Requirements)

Clicking on *Course Listings* in the left navigation will return a list of all of the courses that are published in the Undergraduate Calendar. From this point, you can filter the results further by prefix (e.g. SOC WORK), by code (e.g. 2A03), by type (the subject name), or by keyword (Fig. E). Once the list of courses is displayed, click on the name of the course and the full description will expand. To collapse the description, click on the course title once again (Fig. F). Course descriptions can even be expanded from within program requirements (Fig. G, page 5).

4. Printing Pages from the Calendar

Each page of the calendar has a 'printer friendly' version that can be accessed by clicking the maroon printer icon at the top right of the page. This version of the page has limited graphic elements and has a simple design for easy printing (Fig. H). Also, within each set of program requirements, you may access a printer-friendly version of the requirements (and accompanying notes) that are designed to allow you to make hand-written notes after printing. Click on the icon depicting a sheet of paper for this *Degree Planner* feature (Fig. I). PDF versions of calendars from 1978-2014 may also be viewed at <http://registrar.mcmaster.ca/undergraduate-calendar-archive>.

Honours Commerce (B.Com.)

{2141}

Requirements for continuation in the B.Com. Program are specified in the [General Academic Regulations](#) section of this Calendar.

Students who are currently registered in this program should refer to their degree audits or contact the Academic Programs Office to discuss their program requirements.

Program Notes

- Students in Business I are not eligible to take upper Level Commerce course work.
- Students have only one opportunity to be reviewed for entry to Commerce II. Other options may be pursued through the Academic Programs Office.
- To be considered for entry into Commerce II a Business I student must have met all of the following:
 - achieved a CA of at least 5.0 on a minimum of 24 units of course work for Business I (on first attempts only) and these must include all required courses of the Business I program;
 - successfully completed on first attempts only all Business I required courses (See Business I Requirements below. An exception to this condition is that no more than a single failure of a Business I required course is allowed for students with a CA of at least 5.0 on a minimum of 24 units of course work for Business I provided they complete the failed course at the earliest possible opportunity with the student considered eligible for consideration for Commerce II until they pass the course on their next attempt;
 - successfully completed ALL required units of Business I course work and successfully completed enough
